SPINNER STANDS

Multi-Turn, Multi-Use, Modular Displays

Our uniquely designed floor spinners give the option of either a single category or cross-category merchandising solution for magazines, greeting cards, books and newspapers.

Each shelf is individual, thereby giving the option of combining different products on the same unit, or offering a single category solution that is space efficient and eye catching.

Displays combine melamine faced timber with unbreakable clear fully recyclable PETG plastic dividers on a mobile metal support pole.

MIX & MATCH SPINNERS

Our spinners are fully customizable so you can pick & choose what items suit your business. We have 5 types of module for greeting cards, books, children's books, magazines & newspapers.

We also have an optional header with graphic.

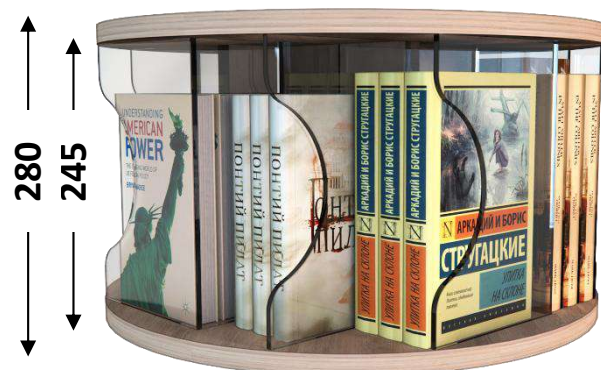

Finishes available (custom options available)
(Please specify finish colour on order)
